### ***Un ewok en el jardín / Pedro Ramos. Edebé, 2022.***

Zoe, preocupada por la actitud de David, su hermano pequeño, le escribe correos para tratar de sacarlo del pozo de oscuridad en que está hundido. A David, a sus dieciséis años, le cuesta encontrar razones para seguir viviendo. Durante un día entero, el encuentro con un hombre a quien califican de loco, que cree tener un ewok en el jardín, le llevará por caminos inesperados.

### ***Ayrin de les Alcusses / Teresa Broseta. Bromera, 2022.***

*Ayrin de les Alcusses* és la història del que actualment es coneix com la Bastida de les Alcusses, un antic assentament al cim d'un turó situat al terme de Moixent, considerat com un dels principals poblats ibèrics valencians.

En un dels cims allargassats de la Serra Grossa, entre la Costera i la Vall d'Albaida, va existir al segle IV abans de Crist una ciutat ibèrica d'existència curta i misteriosa, de la qual ens han pervingut el jaciment de la Bastida les Alcusses i la famosa figura del Guerrero de Moixent. Aquesta novel·la ens convida a imaginar la vida d'Ayrin, una jove de la població que s'enfrontarà a un passat convuls, del qual manté una cadena d'or com a principal record, i un futur difícil, ja que el seu amor pel jove Esler podria ser impossible a causa dels conflictes entre les diferents ciutats ibèriques de l'època.
